## DISCUSSION & APPLICATION

**ICE BREAKER: What would you do if you knew Jesus was coming to visit your home?**

**1. Through your faith and giving, the gospel is reaching people in the most dangerous, drought-stricken, and diseased places in the world. Even so, the people gather to worship. How does this impact your gratefulness (or lack thereof) to safely gather in Jesus' name?**

Biblical meaning of "to visit": to leave your world and go into their world with the intention of bringing relief; to bear the burden of another; to intervene on behalf of another

Read James 1:27.

Real faith produces real action.

**2. How have you witnessed the difference between acknowledging someone's distress versus stepping into it with them?**

**3. Who is God placing on your heart to visit? Is there a barrier keeping you from entering the world of someone in need of hope?**

Read Matthew 9:36 and Luke 5:30-32.

See others through the lens of Christ.

**4. What does Jesus see when He sees you? Does this affect the way you see others?**
