## DISCUSSION & APPLICATION

Read 1 Kings 19:4-15.

To hear the whisper, you must remove the noise.

### 1. Why do you think God spoke in a whisper to Elijah?

Sacred silence calls us to be active, not passive.

### 2. Share a recent moment when you sensed God speaking to you.

Read John 10:1-4.

You can't say God is silent if your bible is closed.

### 3. Think of a time when you were listening to the wrong voice. What was the tipping point when you realized it, and what did you do about it?

### 4. Voices and sounds can be encouraging or distracting. Who or what was the loudest voice in your first 12 years of life? As a young adult? Currently?

## GOING DEEPER - PAUSE, PONDER, PRAY

Read Matthew 7:13-14 and 2 Timothy 4:3. Small compromises are still compromises. The Gospel is a call to responsibility. Responsibility is our ability to respond to the Lord. What has your attention? What is your direction? What has your destination?
