AT A GLANCE

BIG IDEA
Treating others according to the value God has placed on them establishes a culture of honor that reflects His Kingdom.

DISCUSSION & APPLICATION

Read Exodus 20:12 and 1 Peter 2:7.
HONOR is treating someone in a valuable way because they matter to God.

1. **How do you promote honor in the home (i.e., honoring other generations, spouse to spouse, sibling to sibling, child to parent, parent to child)?**

Read Proverbs 11:9, 2 Corinthians 12:20, and Romans 1:21-22.

2. **According to God's Word, what are we communicating when we dishonor someone? What do you find most challenging about showing honor to someone whose behaviors or beliefs differ from your own?**

Read Matthew 13:53-58.
There is a difference in treating Jesus as common and treating Him as Lord.

3. **What kept the people in Jesus's hometown from honoring Him?**

4. **Curtis talked about how sometimes we put the wrong things in the equation, still expecting to see a godly product. When have you used the wrong equation expecting a godly product?**

NEXT GEN. FOCUS

Represent a culture of honor from the parents down and from the children up.
Have your children ever heard your testimony?

PAUSE, PONDER, PRAY

Think of someone you are currently struggling to honor. Take time to pray for that person. In what ways do I honor/dishonor the following: God, earthly authority, spouse, children, church family? Lord, show me how to be more honoring like You, so that I may grow in Your likeness. In Jesus ' name, Amen.
